

Week 10 Check List

No cheating, don't tick them off until you have completed the task 😊

- Watch the Introduction to affiliates and affiliate pages, explaining the importance of creating one.
- Sort your affiliates page file structure, create an 'affiliates' folder and re-name your affiliates page to 'index'.
- Create your affiliates page content using the template I provided you.
- Write email copy for your affiliates page using the guide lines and template I provided.
- Add an optin form to your affiliates page to build your affiliate partner list.
- Complete your affiliates page.
- Continue to make posts on other students blogs that may be constructive, helpful or informative.
