

## Week 9 Check List

**No cheating, don't tick them off until you have completed the task 😊**

- Tweak your sales page and check it has all requirements.
- Create a 'thank you' or 'download' page using your existing template and add all requirements.
- Upload your new sales page, thank you page and download folder containing your product.
- Sign up for and setup ClickBank.
- Check ClickBank requirements and request approval.
- Double check your sales and thank you pages using the checklist on ClickBank, including all links.
- Double check your product for content, and grammar.
- Continue to make posts on other students blogs that may be constructive, helpful or informative.
